OBJECTIVE

Motivated Computer Science Engineering student with strong knowledge of Java, Data Structures and Algorithms (DSA), SQL, and object-oriented programming. Passionate about backend development and solving complex programming problems through efficient algorithms and clean code. Seeking opportunities to apply my technical skills, strengthen my problem-solving abilities, and gain hands-on experience in software development.

EDUCATION

Vel Tech Rangarajan Dr. Sagunthala R&D Institute of Science and Technology 2024 – 2027
Bachelor of Technology in Computer Science and Engineering CGPA: 8.98

Sri Venkateswara College of Engineering & Technology 2021 – 2024
Diploma in Computer Engineering (DCME) Percentage: 86.18%

ZP High School 2021
Board of Secondary Education, Andhra Pradesh Percentage: 83%

SKILLS

Programming Languages	Java, C
Frameworks	Spring, Spring Boot
Web Technologies	HTML, CSS, JavaScript(Basics)
Database	MySQL
Core Concepts	Data Structures and Algorithms, OOP
Developer Tools	Git, GitHub, VS Code

PROJECTS

Smart Campus Event Management System

Designed and developed a full-stack event management platform using Java, Spring Boot, React.js, Spring Security, Hibernate, JPA, and MySQL. Implemented role-based authentication, event creation and management, online event registration, participant tracking, and secure database integration. Built a scalable backend architecture with efficient CRUD operations and optimized data handling.

Smart Safety Monitoring System For Pedal-Type Kayaks and Small Boats

Developed an ESP32-based smart safety monitoring system for pedal-type kayaks and small boats. The system continuously monitors tilt angle, water leakage, speed, and GPS location using multiple sensors and generates emergency alerts during unsafe conditions. It also incorporates a self-powered energy generation mechanism using a pedal-driven dynamo to ensure reliable operation in remote environments.

ACHIEVEMENTS

- Winner of **Code Debugging** and **Tech Scavenger** events at **EDZIAL 2K26**, SIMATS, Chennai.
- Runner-up in the **Bug Detection** competition at **Sri Venkateswara College of Engineering & Technology (SVCET)**, Chittoor.

CERTIFICATIONS

- Data Structures and Algorithms in Python – Infosys Springboard.
- MySQL Fundamentals and Advanced Database Operations – Infosys Springboard.
